

INTRISM

Assembly Guide

Tips and tricks

- Start with a clean work-space to lay out all sheets.
- Use the 'piece puncher' to remove pieces as you go.
- Use the sandpaper to remove burs from pieces.
- If a piece is too tight, sand it down a little and try again.
- If a piece is too loose, continue building — future pieces may lock it in place. If not, try using a dab of glue if some is available.

What's included

- 6 wooden sheets (123 pieces)
- Display case (6 pieces)
- Black marble
- Sandpaper

**To all the makers, artists,
inventors, designers, and
everyone in between:**

Intrism Mini is designed for you.
Designed to be thought-
provoking yet relaxing.
Complex yet compact.
Challenging yet rewarding.

I hope that you enjoy
Intrism Mini as much as I have
enjoyed creating it.

1

A ← Find each piece using this letter.

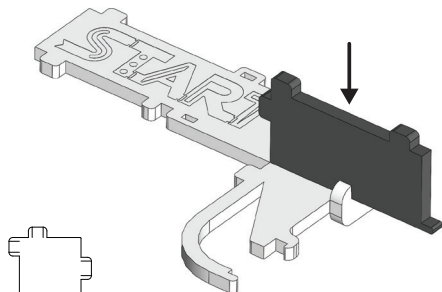

2

Make sure each piece is flush before continuing for the best experience.

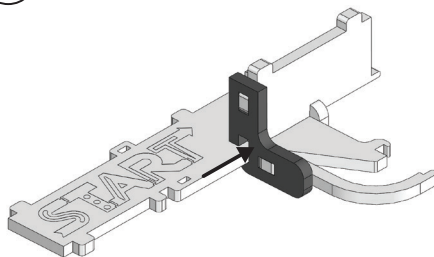

B Solid arrows show the direction to click each piece into place.

3

Each new piece is shown darker than the pieces already assembled.

4

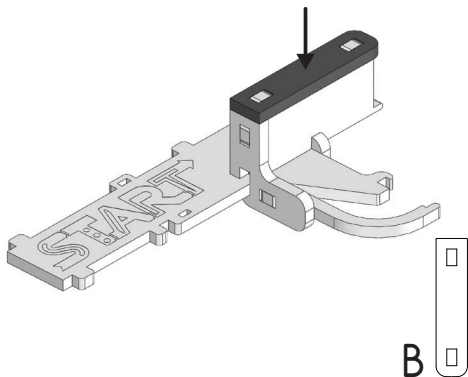

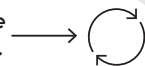

Each piece image is always oriented like it is in the sheet, making it easier to find.

117 Display Stand Assembly

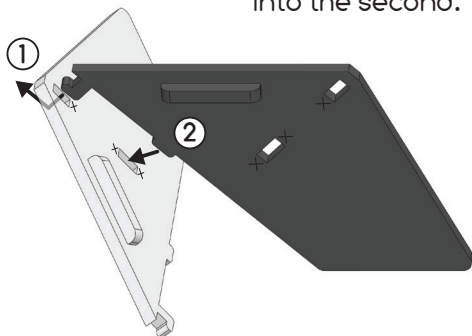

Pop out the 3 large pieces and
3 small pieces remaining
from sheets E & F.

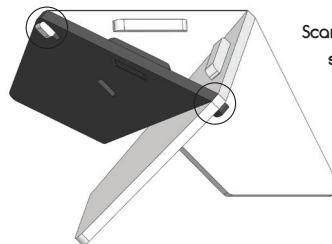

118 Attach the smaller pieces to
each large piece, making sure
to cover the 'X' markings.

119 Starting with the hook, push
and slide the first piece
into the second.

120 Starting with the hooks again,
maneuver the third piece into
place like Step 3. The wood should
flex a little bit for this step and will
interlock to become very sturdy.

Scan below for our
stand assembly
video.

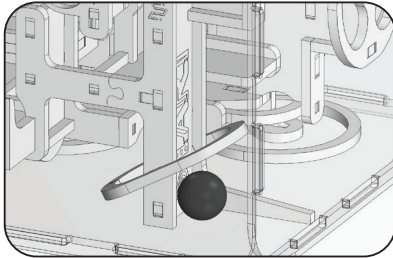

CONGRATULATIONS

You built that like a champ

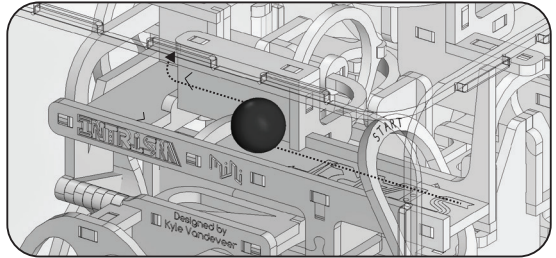

Now it's time to take on the maze.

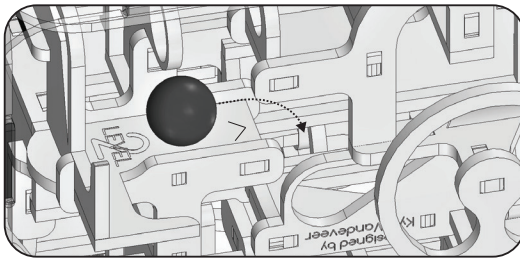

Sit back, relax, and let the solving begin.

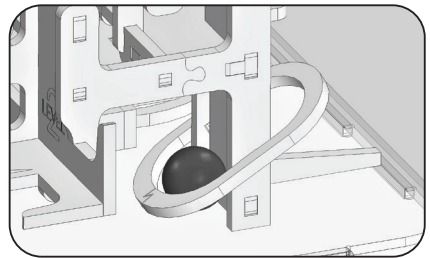

Roll the marble to the starting ring.

Tilt Intrism Mini in all directions to maneuver inside the 3D maze.

Use the arrows as a guide to navigate through all three levels.

Reach the end, cheer, then challenge your friends.

Feeling stuck?

Scan the QR code to the right, or head to intrism.com/video to view our step-by-step walkthrough on completing the maze.
